FOR IMMEDIATE RELEASE

ORLANDO, FLA. — CompuTech City, Central Florida’s premier IT managed services company for healthcare providers, is celebrating 15 years in business this year. Since its founding in 2002, CompuTech City has specialized in providing first-class IT services to the medical industry and currently serves more than 500 medical practices.

“Our guiding principle always has been to meet the needs of our clients,” said CEO Saurin Patel. “We founded CompuTech City to serve the medical sector and have been dedicated to developing the best IT healthcare services available.”

From introducing medical transcription services within six months of opening, launching their medical billing service Billed Right in 2006 and implementing Healthcare IT managed services including HIPAA compliant security solutions, CompuTech City has evolved into an elite managed services provider that has been recognized by industry giants such as Dell and Microsoft.

Today, CompuTech City’s team of Healthcare IT professionals cares for clients with proactive and round-the-clock support that virtually eliminates downtime to maximize clients’ productivity.

In 2012, CompuTech City was the “Meditab Cloud Partner of the Year.” The progressive company also was recognized by the *Orlando Sentinel* in 2016 and 2017 as **one of Central Florida’s Best Workplaces**. Also in 2017, CompuTech City was awarded “**Best Places to Work**” by the *Orlando Business Journal*.

CompuTech City currently is building a new, 10,000-square-foot headquarters on two acres in Longwood, FL. The new facility is designed to emphasize employee wellness, environmental responsibility, productivity and open space.
