"We Couldn't have made a better decision by going with CompuTech City and eClinicalWorks. CompuTech City not only gave us the best advise but also provided and implemented the whole IT infrastructure along with eClinicalWorks Installation. After 3 years of service with CompuTech City, we have not had any problems. Thanks to their IT Managed Services and experienced IT engineers, we not only caught up with the business, but are now ahead in some vital areas of practice management. The best and prompt support ever received."

"I just wanted to let you know that I had a meeting with my support staff this morning and we are so happy with the services that you are providing. Every meeting we discuss how great this decision was for us to go with CTC Support. I know it is still a work in progress, but we have seen a vast improvement. I wanted you to know we appreciate all of the hard work you and your staff are doing for us."

-Danielle, MBSS
